## Innovation Day 2024

Info Point AI assistant inspired by ChatOPM application for Customer Support

## DEMO TOUR PROPOSAL FOR YOU:

- Multi-layer engine for faster detection of cyber-attacks
- Let's hack it!
- NEWLIFE (NEtWork & LawfulInterception for FEminicide)
- Identity Fraud Detector

# CONVERSATION TRANSCRIPT

User: can you give me a overview of demo of security?

Assistant: We have an exciting lineup of demos related to security that you won't want to miss!

- **Multi-layer engine for faster detection of cyber-attacks**: Get ready to experience the future of cybersecurity with our innovative detection method that leverages Machine Learning to identify cyber-attacks and network overloads at incredible speeds.

- **Let's hack it!**: Are you up for a challenge? Join our cybersecurity game and test your security skills in a collaborative learning environment. You'll get to experience the thrill of attacking a system like a real hacker.

- **NEWLIFE (NETwork & LawfulInterception for FEminicide)**: Discover how Lawful Interception techniques can be used to protect stalking victims by monitoring the stalker's distance from the victim and triggering an alarm when the safe distance threshold is exceeded.

- **Identity Fraud Detector**: Learn about our network service that monitors communications to identify unethical behaviors such as stalking, cyberbullying, and fraudulent activities using synthetic unauthentic voices.

All of these demos are scattered throughout the Innovation Day event, so feel free to explore and visit the ones that spark your curiosity the most.

Would you like to dive deeper into a specific demo or get directions to one of these exciting exhibits?

Faithfulness is 1.0 [0.0 - 1.0]

User: many thanks!

Assistant: You're welcome! I hope you have a fantastic time at the Innovation Day event at Ericsson in Genoa! Enjoy the demos and exhibits, and I wish you a great experience!

Faithfulness is 0.0 [0.0 - 1.0]
