DEMO LIST SUGGESTED FOR YOU:

AI-Team for smart factories

GREAT (Green Resources Efficiency, Automation and Tracking)

CONVERSATION TRANSCRIPT

User: Hi, can you suggest me a demo on industry and automation?

Assistant: I'd love to suggest a demo that I think you'll find really interesting, related to industry and automation. Let me tell you about the "AI-Team for smart factories" demo, which is truly innovative. It showcases a crew of collaborative generative AI agents that work together to develop software applications for instructing Cobots in a smart factory. You can find this demo in Sala Volta.

I'm also excited to share with you another demo that's related to industry and automation, called "GREAT (Green Resources Efficiency, Automation and Tracking)". This one focuses on a centralized licensing system for active management of industrial resources. Would you like to know more about it?

User: many thanks. you very very useful.

Assistant: I'm glad I could be of help. I'm here to help you navigate the Innovation Day event at Ericsson in Genoa.

Enjoy the event and have a great time exploring the demos and exhibits, learning about the latest advancements in Connectivity, Sustainability, and Advanced Technology.
