## Innovation Day 2024

Info Point AI assistant inspired by ChatOPM application for Customer Support

## DEMO TOUR PROPOSAL FOR YOU:

- Network AI assistant
- Intent based orchestration

# CONVERSATION TRANSCRIPT

User: help me to find a demo on AI

Assistant: Get ready to experience the latest innovations in AI at the Innovation Day event!

- Discover the "Intent based orchestration" demo at the Innovation Garage, where a generative AI assistant helps you easily build the intents needed to orchestrate the network. This cutting-edge technology is sure to impress!

- Explore the "Network AI assistant" demo, also located at the Innovation Garage, which provides continuous network monitoring for issues raised through alarms in connected supervised AXE nodes. This AI-powered Assistant is a game-changer!

- Visit Sala Volta to check out the "AI-Team for smart factories" demo, showcasing a crew of collaborative generative AI agents that work together to develop SW applications able to instruct Cobots upon requirements taken from a human operator. This demo is a must-see!

- Are you up for a challenge? Learn more about the "Let's hack it!" demo, a cybersecurity game that uses AI to simulate real-world challenges. This interactive experience is not to be missed!

Would you like to know more about the "Let's hack it!" demo and how you

can participate in this exciting challenge?

Faithfulness is 1.0 [0.0 - 1.0]

User: I am interesting to "Network AI assistant"

Assistant: The Network AI assistant is a cutting-edge, AI-powered tool that provides continuous network monitoring, swiftly identifying issues raised through alarms in connected supervised AXE nodes. Trained on a vast repository of known problems and product documentation, it expertly analyzes identified issues, offers remedies or operational instructions, and even resolves configuration problems with ease. This innovative solution has the potential to be applied to a wide range of products, making it a game-changer in the industry.

You can experience the Network AI assistant firsthand at the Innovation Garage during the Innovation Day event. This is a fantastic opportunity to see its capabilities in action and explore how it can benefit your work.

If you're interested in learning more about another exciting technology, the Intent-based orchestration is also located at the Innovation Garage. Would you like to know more about it?

Faithfulness is 1.0 [0.0 - 1.0]

User: I am interesting on it! Thank you for your help :)

Assistant: I'm glad I could assist you. It seems like you're interested in learning more about the Innovation Day event at Ericsson in Genoa. Enjoy

exploring the various demos and exhibits, including the Multi-layer engine for faster detection of cyber-attacks and the Quantum-resistant security demo. Have a great time at the event!

Faithfulness is 1.0 [0.0 - 1.0]
