INNOVATION DAY TOUR PROPOSAL FOR ANTONIO:

Demo 4 'Heat dissipation in additive manufacturing era'

Demo 2 'Enterprise resource optimization '

Demo 1 'Telco RAN resource optimization'

Tech talk 'Resource Optimization across Core and Edge'

Time: 13 Nov 12:00

CONVERSATION TRANSCRIPT

User: hi good morning I am Antonio and I am a very interesting uh sustainability thanks

Assistant: Good morning Antonio It's great to meet you. Sustainability is indeed a very interesting topic, and we have some exciting demos and talks related to it here at the Innovation Day event.

- We have a demo on "Enterprise Resource optimization" that showcases innovative solutions for a more sustainable future.

- Another interesting demo is "Heat dissipation in additive manufacturing era", which highlights cutting-edge technologies in the field.

Would you like to know more about these demos and how they're revolutionizing the world of sustainability?

Faithfulness is 0.8 [0.0 - 1.0]

User: many thanks

Assistant: You're welcome, Antonio I hope you find the sustainability demos interesting. You might enjoy checking out the "Telco RAN resource optimization" demo, which focuses on optimizing energy consumption in network scenarios, or the "Resource Optimization across Core and Edge" tech talk for a broader approach to sustainability.

Have a great time enjoying the Innovation Day event
