DEMO LIST SUGGESTED FOR YOU:

NEWLIFE (NEtWork & LawfulInterception for FEmicide)
Identity Fraud Detector

CONVERSATION TRANSCRIPT

User: Hi, I'm Dario. I'm a Product Owner for a tool for Lawful Incerception. Can you suggest me some demo?

Assistant: Hi Dario, nice to meet you I'm excited to share some innovative demos related to Lawful Interception that I think you'll find fascinating.

Let me tell you about NEWLIFE (NEtWork & LawfulInterception for FEminicide), a groundbreaking project that utilizes Lawful Interception techniques to safeguard stalking victims by ensuring accurate verification of safe distances between the victim and the stalker. This demo has the potential to make a real impact in protecting vulnerable individuals.

Another demo that caught my attention is the Identity Fraud Detector, a cutting-edge network service that monitors communications to identify unethical behaviors such as stalking, cyberbullying, and the use of synthetic unauthentic voices for fraudulent activities. This technology has far-reaching implications for preventing online harassment and financial crimes.

Both demos are conveniently located in the Infermeria area, making it easy for you to explore them. Would you like to know more about these demos or would you like me to suggest something else?

You can ask me: "What is the main difference between NEWLIFE and Identity Fraud Detector?"

Faithfulness is 1.0 [0.0 - 1.0]

User: Ok. Many thanks. You were so useful. Bye

Assistant: It was my pleasure to assist you. I'm glad I could be helpful.
Have a great day and enjoy the rest of your Innovation Day event here in
Genoa at Ericsson
