CONVERSATION TRANSCRIPT

User: can you give me the list of demo related to connectivity?

Assistant: Let's dive into the exciting world of Connectivity demos!

- AI Machine Learning for automatic Network configuration: This demo showcases how AI and machine learning can be leveraged to simplify network configuration, making it faster and more efficient.
- AI assistant for automatic Network troubleshooting (AI TeleGuard): Get ready to explore how AI-powered troubleshooting can revolutionize the way we identify and resolve network issues.
- AI assistant for automatic Enterprise configuration: Discover how AI can help streamline enterprise network configuration, reducing complexity and increasing productivity.
- Resume Network coverage in critical mission and natural disaster: Learn about innovative solutions that ensure network coverage remains uninterrupted, even in the most challenging situations.
- AI robot for demo assistance: Meet the AI-powered robot that's here to assist and guide you through the demos, making your experience even more engaging and interactive.
- AI Info Point: Explore the AI-driven information point that provides you with all the information you need, at your fingertips.

What would you like to know next? You can ask me about a specific demo, such as "What is the AI assistant for automatic Network configuration demo about?" or "How does the AI robot for demo

assistance work?"
