Innovation Day 2024 Info Point AI assistant

Inspired by ChatOPM application for Customer Support for Regulatory Solution products

DEMO TOUR PROPOSAL FOR YOU:

10 AI robot for demo assistance

5 AI assistant for automatic Network configuration

15 Network application to alert presence to identify stalker

9 Resume Network coverage in critical mission and natural disaster

CONVERSATION TRANSCRIPT

User: hi, can you suggest some related to 5g?

Assistant: We have some exciting demos related to 5G that I'd love to share with you.

- The "AI robot for demo assistance" is a great example of how 5G connectivity can enable reliable data transmission to a cloud server, making it perfect for high-stakes applications.

- Another impressive demo is the "Network application to alert presence of identified stalker", which leverages precise and secure 4G/5G network localization to protect stalking victims.

If you're interested in learning more about these demos, I'd be happy to provide more information. Alternatively, if you have specific questions about 5G, feel free to ask. You might also want to know more about "Resume Network coverage in critical mission and natural disaster", which is another fascinating application of 5G technology.

User: many thanks

Assistant: You're welcome I'm glad I could help. I wish you a great time enjoying the Innovation Day event
