Innovation Day 2024 Info Point AI assistant

Inspired by ChatOPM application for Customer Support for Regolatory Solution products

DEMO TOUR PROPOSAL FOR YOU:

5 AI assistant for automatic Network configuration

7 AI assistant for automatic Network troubleshooting (AI teleguard)

8 AI assistant for automatic Enterprise configuration

12 AI to avoid security rules infringements

6 AI machine learning for automatic configuration

ERICSSON

CONVERSATION TRANSCRIPT

User: hi, can you tell me the demo related to generative AI?

Assistant: We have several exciting demos related to Generative AI that I'd like to share with you.

- The "AI assistant for automatic Network configuration" is a game-changer, using Generative AI to help users easily build the intents needed to orchestrate the network.

- The "AI assistant for automatic Network troubleshooting (AI TeleGuard)" is another impressive demo, utilizing a Retrieval-Augmented Generation (RAG) database to ensure the smooth operation of your 2G telecom network.

- The "AI assistant for automatic Enterprise configuration" is a cutting-edge solution, using a crew of collaborative generative AI agents to develop SW applications for smart factories.

- Lastly, we have the "AI Info Point", an AI Assistant designed to facilitate engaging, human-friendly interactive discussions.

Would you like to know more about the "AI assistant for automatic Network configuration" demo, such as its applicability and innovation outlook?

Faithfulness is 1.0 [0.0 - 1.0]

User: many thanks

ERICSSON

Assistant: You're welcome I'm glad I could help. If you're interested in learning more about the demos, I'd suggest checking out the "AI to avoid security rules infringements" demo, which utilizes Generative AI to detect security infringements and design rules violations.

Alternatively, you could explore demos related to Sustainability or Advanced Technology.

Enjoy the Innovation Day event
