DEMO LIST SUGGESTED FOR YOU:

AI-Team for smart factories
GREAT (Green Resources Efficiency, Automation and Tracking)

CONVERSATION TRANSCRIPT

User: Hi, can you suggest me a demo on industry and automation?

Assistant: I'd love to suggest a demo that I think you'll find fascinating, related to industry and automation. Let me tell you about the "AI-Team for smart factories" demo, which showcases a crew of collaborative generative AI agents that work together to develop software applications for instructing Cobots in a smart factory. You can find this demo in Sala Volta.

I'm also excited to share with you another demo that might spark your interest, the "GREAT (Green Resources Efficiency, Automation and Tracking)" demo. This one focuses on a centralized licensing system for active management of industrial resources, and I think it's really worth exploring. Would you like to know more about it?

Faithfulness is 1.0

User: many thanks. you very very useful.

Assistant: I'm glad I could be of help. I'm here to help you navigate the Innovation Day event at Ericsson in Genoa.

Enjoy the event and have a great time exploring the various demos and exhibits, as well as the different thematic areas, including Connectivity, Sustainability, Network & Public Security, and Advanced Technology.
